WHAT IT IS

A lightweight moisturizer that appeals to sensitive, oily, blemish prone skin types as it helps bring balance to the oil and water production in the skin. Non medicated, this is also a great choice for your mature clients who are prone to breakouts and yet still need a product that meets their anti-aging prevention needs. The Absorbent Moisturizer is available in a 1.5 oz retail size, as well as a convenient 8 oz professional back bar size to use in the signature Faith Skincare Acne Facial and normal to oils skin facial treatments .

POINTS OF DIFFERENCE

This soothing and rejuvenating moisturizer contains active ingredient complexes that work together to improve the skin's ability to keep the complexion clear, while leaving the skin feeling hydrated without a sticky residue. This product is the hard to find solution for the client who experiences breakouts, and is concerned about preventing oxidative stress that causes aging.

INGREDIENT FEATURES AND BENEFITS

Copaiba Resin: An anti-inflammatory agent with anti-fungal and astringent properties.

Canadian Willowherb Extract: A soothing herbal extract traditionally used to reduce irritation and inflammation in the skin cells. Canadian Willowherb also clears away p.acne bacteria.

Andiroba Seed Oil: Acts as a wound healer, with anti-inflammatory and renewing actions promoted by limonoids

Hyaluronic Acid: The key water maintaining substance in the skin, HA holds 100x's its weight in water. Environmental pollution and aging decrease this ingredient in our skin, but studies show that HA applied topically promotes circulation and helps the skin absorb nutrients.

Acai Puree: A berry found in the Amazon Rain Forest that contains more antioxidant, anthocyanins than red wine or blueberries, and Omega Fatty Acids.

WHAT YOU WON'T FIND ON THIS LABEL

Faith Skincare is dedicated to promoting a holistic lifestyle, therefore our products are formulated without the use of parabens, sulfates, carcinogens, animal derivatives, and synthetic fragrances. The base ingredients in the Absorbent Moisturizer are vegetable derived, and have received ECO-CERT, a European certification for "green" ingredients.
